FILTER

Brand: **Bauer**

Product Code: **057679**

FILTER

Genuine BAUER (part No. 057679) Filter for High Pressure Bauer Compressor.

Bauer TRIPLEX filter cartridge #057679. This cartridge fits the P21 filter housing and is widely popular in Bauer Compressors portable line such as the JUNIOR, OCEANUS, CAPITANO and some MARINER compressors. Cartridge has a bottom nipple with two o-rings.

For compressors with electric motor, if using a Petrol compressor you need to use different filter due to the exhaust gas from petrol motor.
