SPECIAL BLEED VALVE BLOCK ASSY (BANJO)

Brand: **Krontec**

Product Code: **3511R32591**

Complete assembly OPTION as in description to indicate
the part 3511R32591 in one end result assembly possibility

SPECIAL BLEED VALVE BLOCK ASSY (BANJO)

This is a special bleed valve assembly used in Porsche and other applications.

This part is used in conjunction with 2 x 7603-14mm aluminium sealing washers and 1 x 776-14d-Ro10 BB-B banjo Big Ball fitting, or any other Banjo fitting. Normally this part, along with banjo part 776-14d-Ro10 BB-B is screwed into the top of one of the Krontec air jacks in the system and the banjo tube adapter (776-14d-Ro10 BB-B) is connected to the 10mm tube, and this allows a single point inside the vehicle to release all of the pressure in the jacking system by simply depressing the button on this part.
