VALVE TUNE UP KIT

Brand: Toku

Product Code: 425806Q6D

VALVE TUNE UP KIT

Valve Maintenance Service or Repair Kit for selected 3t and 6t models of the Toku Industrial Air Chain Hoists. This kit contains the most commonly required O Rings, all in a convenient kit.

Models this kit is suitable for are: TMH3000C, TMH3000PE, TMH6000C2 & TMH6000P2E. Please note this kit contains extra O Rings which are not required in some models.

See Technical Documents for a PDF showing the listed items and relevant item numbers on the Parts List so you can see if your required items are included in this kit.
