

CLIP-ON TYRE INFLATION VALVE -1/4"Female

Product Code: 625000

CLIP-ON TYRE INFLATION VALVE -1/4"Female

Professional Clip-On tyre chuck.

This straight style brass tyre chuck has a 1/4" female thread to allow you to connect it to a multitude of fittings. The clip-on feature allows you to fit to a tyre valve and it holds securely ensuring a good connection without the need to continually hold pressure on the tyre valve.

You can also perform a quick connect/disconnection by continually holding down the lever actuator.

The comfortable lever actuator is easy to use.
