

NEEDLE SCALER - STRAIGHT

Brand: **Gatx**

Product Code: **GP-0316**

NEEDLE SCALER - STRAIGHT

Industrial straight needle scaler has proven itself in the harshest mining environments and heavy manufacturing industry for many years.

Made completely from quality all steel components, it has many imitations but nothing lasts like this particular tool.

Features 19 needles to a set with an adjustable front head tension gives the operator flexibility in changing needle tension without having to pull the tool apart. Needle changes are very quick and easy and quality needles are available as spare part (Part# 3mmx180mm).
