

6" CENTRAL VACUUM SANDER (5mm ORBIT)

Brand: **Gatx**

Product Code: **GP-0424A**

6" CENTRAL VACUUM SANDER (5mm ORBIT)

6" Central Vacuum Random Orbital Sander complete with 5mm Orbit and Velcro pad, rotatable exhaust and swivel central vacuum fitting for operator ease and comfort.

You also get 3 different sized adaptors - 1", 1-1/8" and 1-1/4" for your varying central vacuum dust extraction hose connection options, all included in the box!

This pneumatic (air) operated sander is a lightweight Industrial product with 12,000 rpm to get the job done with performance, reliability and durability.

Specifications

Free Speed	12,000 rpm
Net Weight	0.91 kg
Orbit Size	5 mm
Pad Size	150 mm (6")
Vacuum Mode	Central Vacuum

Benefits of this particular product is that it has a strong, yet very lightweight polymer body. The comfortable grip and low profile makes this ideal for any sanding applications you may have.

Other benefits are on the fly speed adjustment, full power at start-up and swivel exhaust outlet.
