5/8" REVERSIBLE INDUSTRIAL DRILL

Product Code: GP-0602B

5/8" REVERSIBLE INDUSTRIAL DRILL

5/8" Industrial rear handle, reversible drill complete with internal safety trigger. This drill is made to perform for the heaviest applications.

It's solid, yet lightweight construction ensures you get the tool you expect - right out of the box.

The product has a hanger point at the top, which can utilise a spring balancer to eliminate the tool weight, if required - an important OH&S feature!

Comes with keyed chuck ready to go.
