

3/8" NON-REVERSIBLE DRILL -KEYLESS CHUCK

Brand: **Gatx**

Product Code: **GP-0651B**

3/8" NON-REVERSIBLE DRILL -KEYLESS CHUCK

3/8" Non-Reversible Drill complete with Keyless Chuck. This product is made specifically for the Glass & Aluminium Industry.

The high speed is particularly suited to the drilling of aluminium and provides not only a faster drilling time, but a cleaner hole.

This tool can also be fitted with an optional extra silencer assembly (Part# G-15 or G-15B) to further reduce the noise level - an important OH&S feature!
