900mm (0.9M) HIGH PRESSURE HOSE ASSY

Product Code: PPSHAHP00.914F14F

900mm (0.9M) HIGH PRESSURE HOSE ASSY

This 900mm (0.9m) long, 1/4" id & 1/4" BSPT Female ends, 6000 psi rated, High Pressure Whip hose assembly is suitable for use from High Pressure Nitrogen or compressed air bottles to remote connect to any of our Paoli Pit Stop Motorsport regulators.

Generally this is used in Pit Stop Rigs such as the Greaves 3D Engineering EPSR-015, where you need to connect the bottled supply to the regulator which is remotely mounted in the rig.

This assembly has 1/4" BSPT Female swivel nut crimped on both ends. You can fit an assortment of related fittings to achieve connection to your Paoli or other brand regulators and also bottle connection to complete your set up.

If you need assistance or require a specific hose length, no problem - just ask our sales team!
