AUTOMATIC REFUEL DETECTION FOR RFC-88-TN

Brand: Krontec

Product Code: RFC-FTD-03

AUTOMATIC REFUEL DETECTION FOR RFC-88-TN

This product assists in making faster pit stops by sensing the flow of fuel which can detect the level at which you wish to stop your refuelling.

The point at which you wish to set your trigger for fuel refiller person to stop the flow can be altered to suit each operators personal characteristics.

This part has to be ordered with the RFC-88-TN as it is inserted during the manufacturing process, and it is only suitable for use on the RFC-88-TN.

As standard for 2016 delivery of Porsche vehicles this part will not fit the 2016 (991) 911 GT3 it only comes in the RSR version.

This is a very unique and innovative product and a first by Krontec and Air & Allied Sales (Pacific) are proud to bring it to you!
