# 1-1/8" HEX IND AV BREAKER C/W SILENCER

Product Code: **TPB501SVS - 1 1/8"**

## 1-1/8" HEX IND AV BREAKER C/W SILENCER

Industrial 28kg (61lb) Anti-Vibration Silenced Breaker - Made in Japan. The unit features a durable Anti-Vibration handle to reduce operator fatigue and a safety throttle design to avoid unwanted activation of tool - These are important OH&S features.

This product is manufactured from the highest quality materials to ensure you get the best durability and performance, maximising your return on investment.

The unique Anti-Vibration design removes 50% of the vibration without power reduction.

The alloy steel forged components provide maximum durability, forged latch retainer system makes for quick and easy chisel change. Our models are sold with silencer as standard to meet the regulatory requirements. 4 bolt handle design allows for quick and easy servicing, this is especially handy when on site or remote locations. The tool also features a swivel inlet to make operation and handling of the tool easier.

If you are a construction or hire company, mine site or similar company looking for a solid performer with after sales technical and spare parts support from stock - this is the product for you.
