

PROFESSIONAL TYRE SCRAPER (230V) AU-NZ

Brand: **Greaves 3D**

Product Code: **TS-03-AUNZ**

PROFESSIONAL TYRE SCRAPER (230V) AU-NZ

This professional tyre scraper from Greaves 3D Engineering is designed to provide a fast and efficient method of cleaning up slick tyres by removing rubber and debris build up to prolong the life of the tyre.

The tyre scraper incorporates a high quality 2000W output heat gun with variable temperature (100-600 degrees C) and fan speed (300-600 L/min airflow). This tyre scraper has been design and tested by tyre technicians!

The ergonomic design makes the tyre scraper simple to operate and is suitable for use on tyres used in all forms of motorsport from karting to F1.

- * Avoid damaging tyre compound by using unsuitable tools and or excessive temperature
- * Removes pick up and debris with ease leaving a smooth undamaged surface
- * Prolongs Tyre Life
- * Variable Temperature Control
- * Variable Fan Speed
- * Adjustable handle and blade position to suit the user
- * Ergonomically design to increase productivity
- * Suitable For All Slick Tyres
- * Supplied with a 230V Australian Plug (15amp) ready to "Plug & PLayer"! (other versions available for different countries - just ask).
