* Grinding wheel not included

5" IND STRAIGHT ROLL THROTTLE GRINDER

125mm (5") Straight/Barrel Grinder with roll (twist) throttle - Made in Japan! Features a powerful motor and is lightweight and easy to handle, yet is a very durable tool!

The tool is made from the highest quality components to provide our industrial clients maximum return on investment. Also features a speed governor to ensure speed control is maintained. Tool can be used with grinding wheels, plug stones and various other products.

This tool is a favourite with our heavy industrial manufacturing, construction and mining customers and we are confident you will agree!

As with all of our industrial products, we offer technical and spare parts support to ensure your investment in our imported product(s) is a wise one.
