# 1/2" WATER SEPARATOR C/W AUTO DRAIN

**Product Code: WSCS002014** 

### 1/2" WATER SEPARATOR C/W AUTO DRAIN

This 1/2" Female port water separator is specially designed based on the proven centrifugal separation to remove up to 99% of the water aerosol in compressed air. Working in conjunction with other compressed air treatment products like filters, after-coolers and dryers, the water separator is a very cost effective way of further enhancing their efficiency by ensuring that bulk water generated in the compressed air is properly separated and discharged from the system.

#### FEATURES AND ADVANTAGES:

- \* Automatic drain system
- \* Removes up to 99% bulk water
- \* Very low maintenance cost
- \* Simple and easy to install
- \* Efficient automatic drain
- \* Robust aluminium housing

#### **Specifications**

Flow Rate 2500 (I/min) 88.29 (cfm) @7 (bar)

Weight 1.10 (kg)
